

Overview

Secabo DTF MultiCut Pro - The future of precise cutting

The Secabo DTF MultiCut Pro is the innovation on the market for precise cutting of printed materials. This brand new flatbed plotter from Secabo with integrated conveyor belt sets new standards. With an impressive cutting width of up to 640 mm and a length of 880 mm, it offers perfect solutions for:

- DTF Textile transfers
- UV DTF Adhesive films
- Sublimation printing

The 7-inch touchscreen enables simple and intuitive operation, allowing you to set all parameters according to your requirements. With the Secabo DTF MultiCut Pro, you maximize productivity without sacrificing quality. For even more ease of use, plot files can be created via the included plug-ins for CorelDraw and Adobe Illustrator, and additional software integrations are already being planned.

Experience the future of precision cutting with the Secabo DTF MultiCut Pro.

Technical Data

motor	X-Servo motor; Y-Servo motor
Sensor	CCD Camera
Control Panel	7 inch touchscreen
Tool Quantity	one
Tool Model	blade / pen
Media hold method	Vacuum suction
Scanning code type	mark or QR code
Maximum cutting size	640mm x 880mm
Scanning speed	about 5s
Cutting speed	10-700
Cutting force	0-750
max. material	about 250g (Depend on variable material)
Media feeding method	auto feeding system
Maximum diameter of paper feed roll	200mm
Maximum width of paper feed roll	600mm
Feeding speed	100-600
Minimum character	about 10mm ² (depend on variable material and graphics)
Inner storage	Save files into machine
Mechanical resolution	0.02mm
Programmable resolution	HPGL 0.025mm
Repeat precision	≤0.05mm
Cutting Media Types	Vinyl , self-adhesive sticker ,cardboard
Connectivity	USB , TCP , WiFi, U disk , Interface
weight with package	277,00 kg
Brand	Secabo
